There are many organizations not on this list that are looking for volunteers. For the purposes of this program, the Pep Squad Member must choose an organization that is a **registered 501(c)3 Non-Profit entity** for the hours to be accepted toward the Community Service Patch. Typically a **"for profit"** entity **is exempt** from this program however, the exception to this is, there may be events created/organized and hosted by the THHS Pep Squad Community Service Liaison as a sponsored event that would be acceptable hours.

IMPORTANT - A maximum of fifteen (15) hours of service is allowed per organization. Before volunteering at any organization, confirm it is a registered non-profit. If you have question, or do not know if an organization is a registered 501(c)3 non-profit, please contact one of the Community Service Liaisons below. When sending an email, please include the following information:

- 1. Organization Name**
- 2. Address and Contact Number**
- 3. Web address**
